

John Muir Health is pleased to offer a program for our patients who need assistance in paying their medical bills. The program is entirely self-funded by John Muir Health as part of our core commitment to the community we serve. Please be aware that acceptance into the John Muir Health Patient Financial Assistance Program will not cover services of providers who are not employed directly by the medical center or for services that are provided outside of one of our hospitals. The program only covers accounts for hospital services rendered for which an initial bill has been provided to you and does not automatically cover future services.
