

Research and Education

Clinical Research Program

- David Gershony, MD - Director of Cardiovascular Research, Education and Technology at John Muir CVI, Concord
- Full time Administrative Director (RN, MBA)
- Regulatory staff
- Dedicated & experienced CSCs
- IRB's at both campuses

Selected Cardiovascular Clinical Trials

- ABSORB III (Pivotal IDE, Abbott)
 - Bioresorbable coronary stent compared to Xience in patients with up to 2 de novo lesions in separate epicardial vessels
- Analyze ST (Pivotal IDE, St. Jude)
 - ST monitoring to detect ACS events in ICD patients
- ISCHEMIA (NHLBI)
 - PCI/CABG + optimal medical therapy vs. OMT in patients with moderate or severe ischemia
- PRO-MRI (IDE, Biotronik)
 - Evaluate MRI testing on Entovis pacemakers

Cardiovascular Institute Clinical Research Program – January 2014

CRC = JMH Clinical Research Center

Upcoming Studies:

- RLX2301 trial (Serelaxin for Acute HF)

Protocol Name	PI Sub-I	Sponsor/Trial Type/ClinicalTrials.gov NCT#	Global PI/ Core Labs/ U.S. vs. Internat. Cardiovascular Education

- Established comprehensive “CV Grand Rounds” 3/2013
- Partnering with the California Chapter of the American College of Cardiology (ACC)
- Developing a JMH dedicated CV “Faculty” enriched by external internationally renowned speakers
- Developing robust focused educational/CME programs to serve the JMH medical community and as a regional resource
- Utilizing technology to effectively expand the target audience (video-conferencing, webcasting)

2014 Grand Rounds Programs

- Held on the 3rd Wednesday of each month at 7:30 am
 - “Congestive Heart Failure: Part 2”
 - January 15, 2014
 - Presented by Neal White, M.D., Cardiologist and Heart Failure Program Chairman
 - “Revascularization for Complex Coronary Artery Disease (PCI vs. CABG)”
 - February 19, 2014
 - Presented by Howard Min, M.D., Interventional Cardiologist
